Amendment of Section 73.202(b)  
Table of Allotments  
FM Broadcast Stations  
(La Mona, Puerto Rico)

FCC MAIL ROOM

To: Chief, Allocation Branch

Request to amend the FM table  
of allotments according to  
Sec. 73.202(b)

Wildlife & Immigration Volunteers, Inc. respectfully  
request before the FCC a petition for rulemaking to  
amend the FM table of allotments fm broadcast station  
according with the section 73.202(b) to allot channel 259B1  
(99.7Mhz) to La Mona, Puerto Rico.

This petition comply with the F.C.C. rules, Section  
73.207 and 73.315 and with the Section 307(b) of the  
Communications Act of 1934, as amended that assings the  
Commission the task of providing a "fair and equitable  
distribution of radio services". In allotting FM frequencies  
The Commission established, in order of importance, these  
priorities to determine whether particular allotments  
are in the Public interest:

- 1) First full-time service aural
- 2) Second full-time aural service
- 3) First local service
- 4) Other Public Interest matters

Our request comply with the weight given to  
priority 4. Exhibit #1 is an brief explanation of the porpose  
of our organization about the wish of protection of the  
wildlife in La Mona giving the tourist that continually

visit this little island educational information about  
how to protect the natural habitat for wildlife.

Exhibit #2 is the allocation study that show the allocation  
potential of this channel according with Sec. 73.207.

Because this proposal comply with all the rules of the  
Federal Communications Commission, Wildlife & Immigration  
Volunteers, Inc. request a Rulemaking process.

Respectfully,

WILDLIFE & IMMIGRATION  
VOLUNTEERS, INC.

Juan Carlos Matos/  
Counsel for W.I.V.I.

Exhibit #1

Wildlife & Immigration Volunteers, Inc., wish to help the protection of the wildlife refuge of Isla de Mona in its Natural habitat. We plan to air a programming for the tourist, hunters and fisherman that continually visit the island and do not know how to enjoy the visit without cause damage to the natural environment of it. Also many people used to past weekends right there without news of how the weather condition is, putting their life in risk. W.I.V. plan to keep the visitors informed about the weather condition at all times of the day. La Mona for its location between the Dominican Republic and Puerto Rico is the temporary bridge for illegal immigrants from this republic and Cuba that seeks to enter in the United States territory illegally. Our organization pretend to help the Border Patrol, Immigration Department and other relating agencies to stop this practice through La Mona. Thru the radio station we can advice local agencies of the imminent arrivals of illegals people at the coast of Puerto Rico. This daily reality is one of the most growing problems for the United States Immigration Department.

W. & I.V. is seeking this frequency in the commercial FM band, because in the non-commercial FM do not exist any available channel for this area.

The grant of this request by the FCC go to the Public Interest according to the step 4 of 307(b).
